# Introduction

PetLovers is an organization that deals with the care of animals in need with a special focus on dogs. Specifically, our organization deals with abandoned animals. Through our services we provide a method of registration and adoption for any and all who might wish to participate.

This manual provides all the information needed to fully manage the services on the website. It specifies all the steps from registering yourself, searching pets for adoption, registering pets for adoption and much more. Everything is taught in the simplest manner so that anyone of any age can join this organization and will find the website straight forward manageable.

## Home Page

As soon as the page is entered you will be received by the home page which looks like this.

## Register User

New users will have to register. To do that, please click the button named “Join Now”, then this page will be displayed.

The screenshot shows the registration page. It has the same top navigation bar as the home page. The main heading is 'Register' in a large, bold font. To the right of the heading is a breadcrumb trail: 'Home / Register'. The registration form consists of several input fields arranged in two columns. The left column contains 'Username', 'Password', and 'Confirm Password' fields. Below these is a question 'Which type of user would you want to be?' with two radio button options: 'Other' and 'Rescuer'. The right column contains 'First Name', 'First Last Name', 'Second Last Name', 'Enter Email', and 'Enter Phone Number' fields. A green 'Register' button is located at the bottom right of the form area.

In this page fill in all the blanks and then press the button Registered, that's all. You're registered.

## Log in

Now that you are registered you can log in. So, click the button “Log in” beside the “Join Now” button. This small screen will pop up where you have to fill in according to the information entered when registered in the step above.

### Login

☐ Remember me

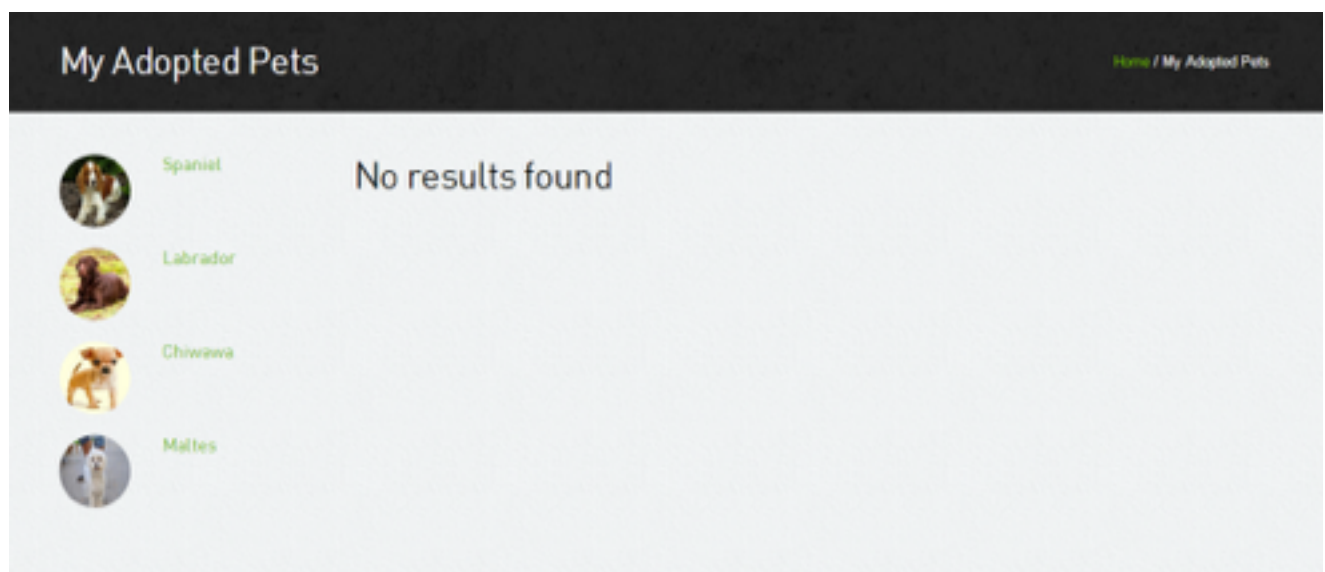

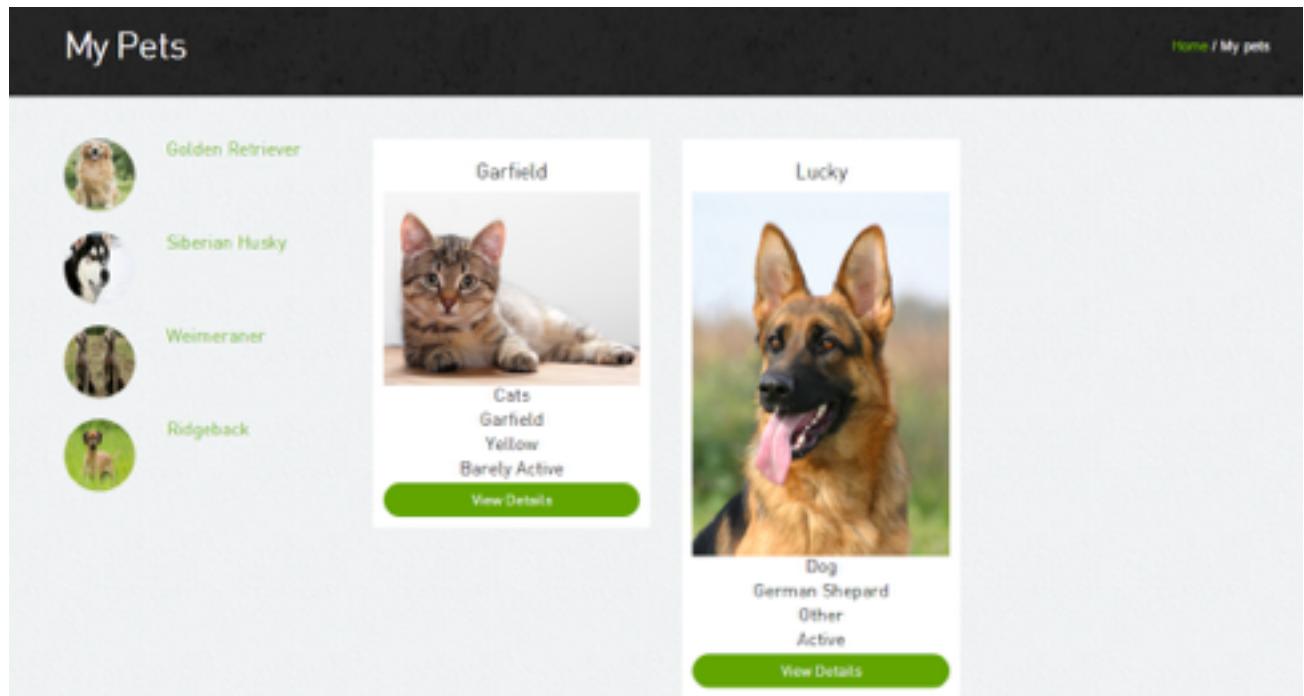

## My Account

Once you have logged in, you will have many options. First of all you will be able to see your account information that you registered by clicking the button “My Account” above. To change your profile picture just look up an image and paste the URL with jpg or png into the blank space and click upload.

<b>Profile Picture</b>	<b>First name</b>
	<input type="text" value="Mayin"/>
	<b>First Last name</b>
	<input type="text" value="Yong"/>
	<b>Second Last name</b>
	<input type="text" value="Wong"/>
	<b>E-mail</b>
	<input type="text" value="mayinyong@yahoo.com"/>
	<b>Phone number</b>
	<input type="text" value="88223433"/>
	<b>Username</b>
	<input type="text" value="mumu"/>
	<b>Change profile picture here:</b>
	<input type="text" value="Image URL goes here"/>
	<input type="button" value="Upload"/>

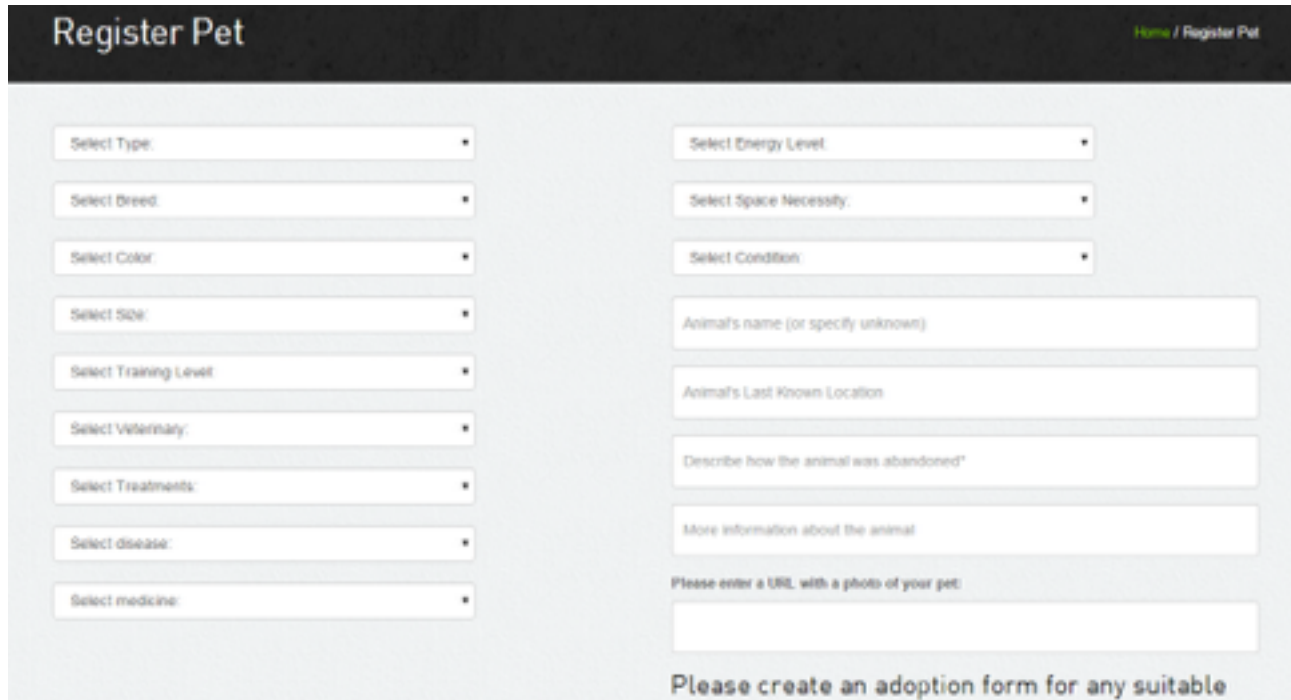

## My Registered Pets and My Adopted Pets

There are also 2 buttons named “My Registered Pets” where you can see the pets you have added and “My Adopted Pets” where you will be able to see the pets you have adopted on the website. (We will see how to add and adopt pets later on). Once you click that button the pets will be displayed. In case you don’t have any, the words No results found will appear.

## Add A Pet

To register a pet you click on “Add A Pet” and fill all the blank spaces and choose the options according your pets characteristics.

The "Register Pet" form is a web interface for adding a new pet. It features a dark header with the title "Register Pet" and a link "Home / Register Pet". The form is divided into two columns. The left column contains a vertical stack of nine dropdown menus labeled "Select Type:", "Select Breed:", "Select Color:", "Select Size:", "Select Training Level:", "Select Veterinary:", "Select Treatments:", "Select disease:", and "Select medicine:". The right column contains four dropdown menus labeled "Select Energy Level:", "Select Space Necessity:", "Select Condition:", and a text input field for "Animal's name (or specify unknown)". Below these are three more text input fields for "Animal's Last Known Location", "Describe how the animal was abandoned\*", and "More information about the animal". At the bottom of the right column is a text input field for "Please enter a URL, with a photo of your pet:". A green button labeled "Register Pet" is located at the bottom right of the form.

You will also have to create the questions (questionary) for the users that will want to adopt your registered pet. This way you can get to know them a bit better and chose the best owner.

The "Please create an adoption form for any suitable candidates" form is a web interface for creating an adoption form. It features a light gray background. The form consists of five text input fields, each labeled "Question 1", "Question 2", "Question 3", "Question 4", and "Question 5". A green button labeled "Register Pet" is located at the bottom right of the form.

Question 5

Register Pet

Once everything has been filled out click “Register Pet” and you will be able to see your pet on the My Registered Pets and will be able to Edit your pet on Edit My Pets.

## Edit a pet

If by any chance you want to edit the information after the pet was registered you can. Just click “Edit My Pets”, select the pet you want to edit and click “edit”.

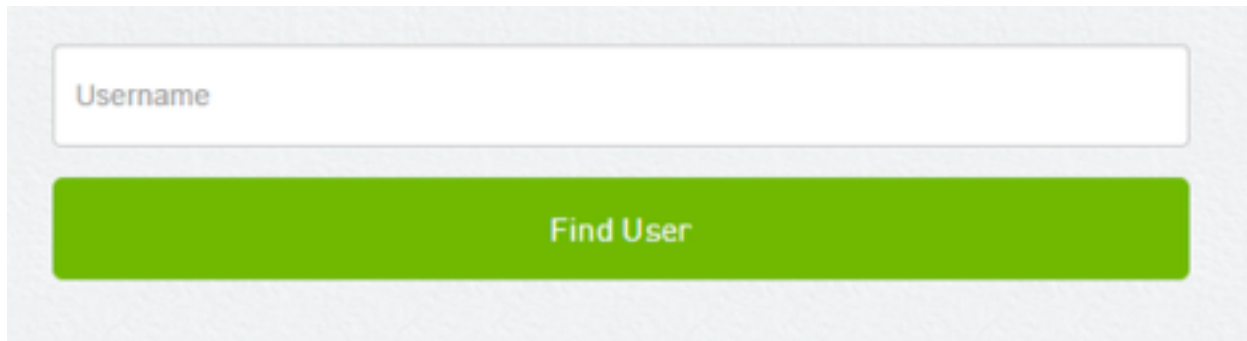

Once clicked a new window will appear where you will have to chose all the pets information again, but this time with the change you want and click “Edit”.

The screenshot shows a form titled "Pet Space" with several input fields and dropdown menus. The fields are: "Select Space Necessity:" (a dropdown menu), "Pet condition" (a dropdown menu with "Select Condition:" as the placeholder), "Pet name" (a text input field containing "Garfield"), "Pet location" (a text input field containing "Santa Anna"), "Pet Abandon Description" (a text input field containing "Was left in a street"), and "Pet Notes" (a text input field containing "Very fierce"). At the bottom of the form is a green "Edit" button.

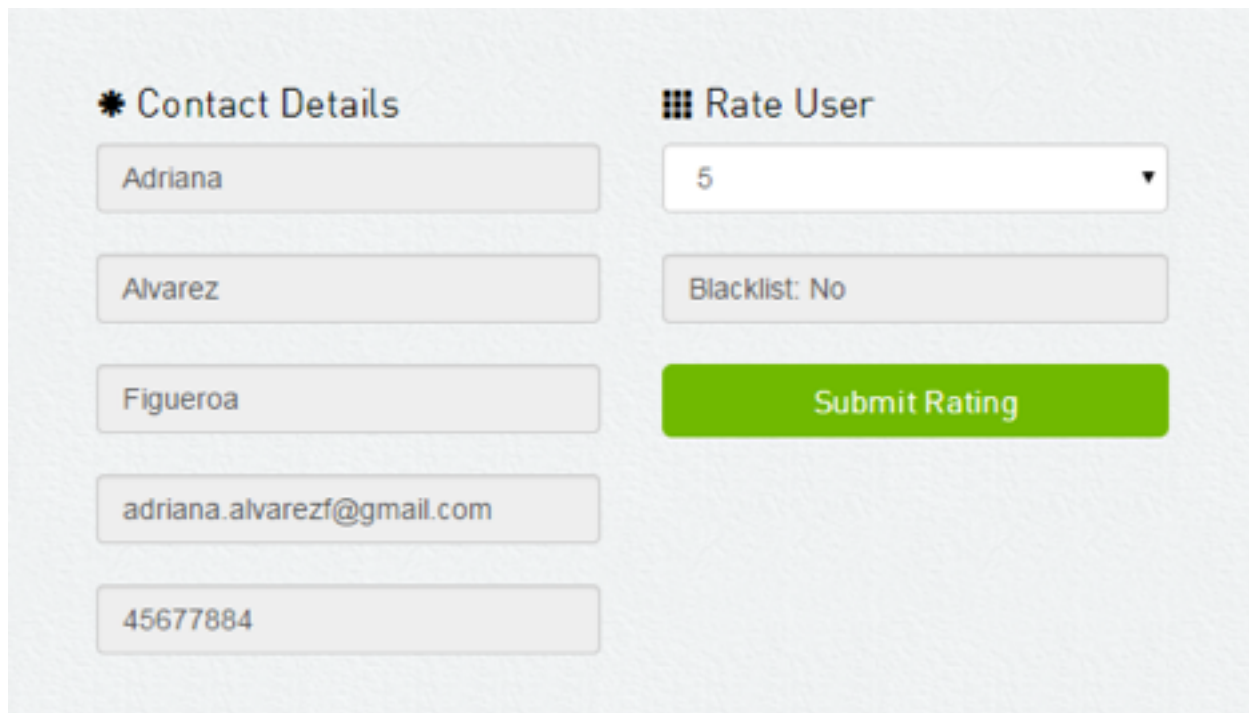

## Find A User

Although the pets are the main focus, the users are just as important which is why there is a find user. You can type a username and find the user to get his or her details.

A form for finding a user. It consists of a text input field with the placeholder text "Username" and a green button labeled "Find User".

## Rate User

A form for rating a user, divided into two columns. The left column is titled "Contact Details" with a star icon and contains five text input fields with the following values: "Adriana", "Alvarez", "Figueroa", "adriana.alvarezf@gmail.com", and "45677884". The right column is titled "Rate User" with a grid icon and contains a dropdown menu showing "5", a text input field with "Blacklist: No", and a green button labeled "Submit Rating".

Once your in the profile of a user you can chose the score you desire and submit rating.

## Search A Pet

To search a pet, basically just click “Search A Pet”, choose all the categories you desire and

## Adopt A Pet

On the Detail page in the bottom there is a button name Adopt where you can click to adopt the pet by filling out the application form and clicking “Send Application”.

The screenshot shows a web page titled "Application Form" in a dark header. A breadcrumb trail in the top right corner reads "Home / Application Form". The main content area is light gray and contains five questions, each followed by a text input field with the placeholder text "Answer":

- Have you had other pets?
- How much time will you spend with the pet?
- Do you have a veterinary in mind?
- Why do you want to adopt?
- Do you rent or do you have your own pet?

A green button labeled "Send Application" is located in the bottom right corner of the form area.

Once the form is sent you will have to wait to see whether the owner of the pet accepts or denies your petition.

## Request Forms

The owner of the pet will have to check the Request Forms to chose the best candidate. He can either accept or deny the form. If he accepts then the pet will be adopted.

## Return A Pet

To return a pet you will have to go to My Adopted Pets, click on view details and on the bottom there will be a button labeled return. You will also have to choose a reason of returning the pet. The pet will then be put on adoption again.

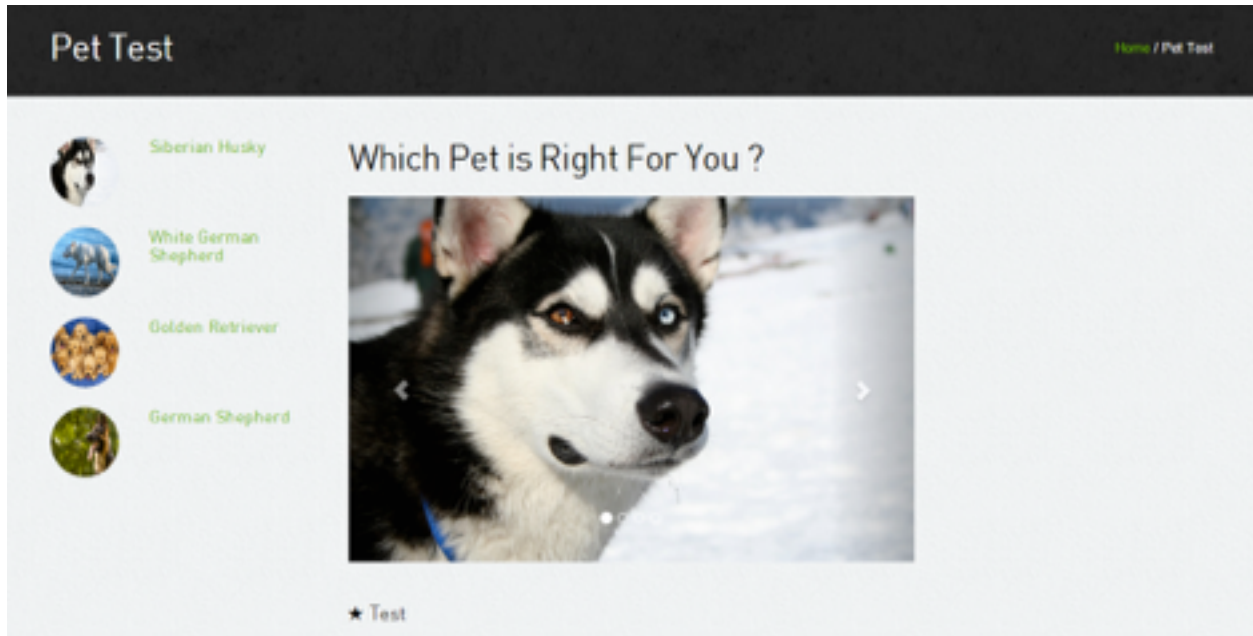

A screenshot of a web form for returning a pet. It features a light gray background with a faint grid pattern. At the top, there is a white rectangular dropdown menu with a thin gray border. The text inside the dropdown is "Pet does not behave, does not fit with environment" in a dark gray font, and a small black downward-pointing triangle is visible on the right side. Below the dropdown is a solid green rectangular button with rounded corners. The button contains the text "Submit Return Form" in a white, sans-serif font, centered horizontally.

Find a pet for me!

## Blacklist

Blacklist displays all the users who's rating have been pretty low.

## Log out

Log out is to leave the website. To do so, just click the button “Log Out”.

# Administrator

As an administrator besides the functions mentioned above there are other options.

## Manage Categories

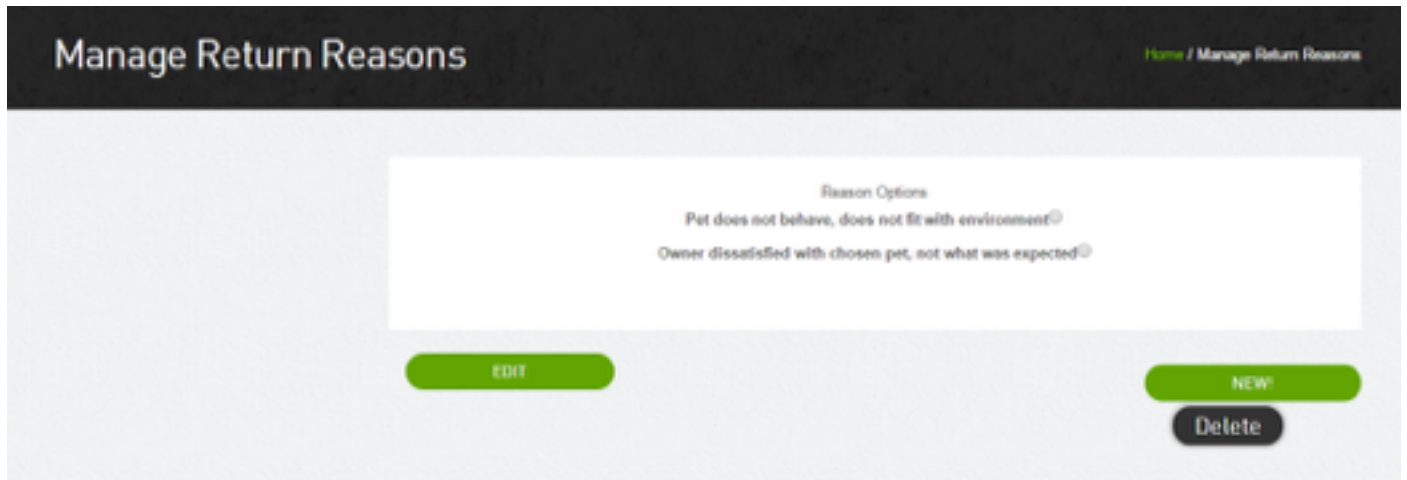

Manage Categories lets the administrator edit or create new pet types, pet colors, sizes and all of the options used when the users are registering the pets.

The screenshot shows a web application interface for managing categories. At the top, there is a dark header with the title 'Manage categories' on the left and a breadcrumb link 'Home / Manage categories' on the right. Below the header, the main content area is divided into two sections. On the left, there is a sidebar titled 'Select a category' with a list of categories: 'Pet Type', 'Categories', 'Pet', 'Pet Type', 'Pet breed', 'Color', 'Size' (which is highlighted in blue), 'Training level', 'Energy level', 'Health', 'Health Condition', 'Medication', 'Disease', 'Veterinary', 'Treatment', 'Other', and 'Space'. On the right, there is a large white box titled 'Type Options' containing a list of options: 'Cats', 'Snakes', 'Iguanas', 'Rino', 'Dinosaur', 'Others', 'Dog', 'Bird', and 'Other'. Each option has a small circular icon next to it. At the bottom of the main content area, there are two green buttons: 'EDIT' on the left and 'NEW!' on the right.

To both edit and create a new option, first you have to select the category you want to manage, once its selected the options will automatically change, then press the option you want to edit, type in the new name and click “Edit”. To create a new option click on “New” select the category, if its breed select the type and type in the new name. Finally click “Create New”.

## Manage Return Reasons

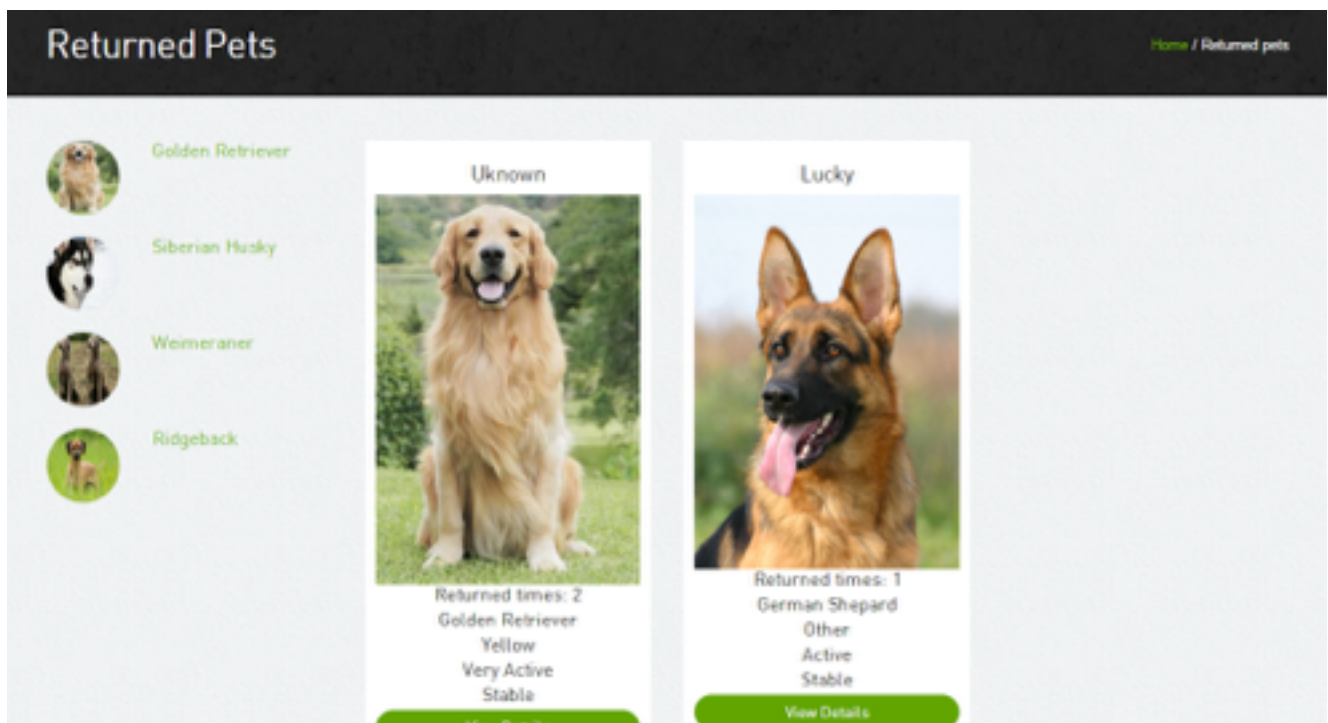

Manage Return Reasons lets the administrator edit or create a new return reason.

This option works just the same as manage categories.

## Returned Pets

Displays all the pets that have been returned and show the amount of times the pet has been returned.

## Statistics

Statistics shows a few calculations done that could interest the administrator such as the number of pets registered, the number of pets adopted, in adoption...
